ELEVATING PEOPLE

THE PERFECT ACCESSIBILITY SOLUTION

- No machinery on top, low headroom. Energy-saving LED lit ceiling.
- Shaft panels in steel or in safety glass. All four sides can be glazed.
- Wide choice of door models; steel doors, aluminium doors, gates, EI60 fire rated doors.
- Concealed or externally fitted power door openers as an option.
- Cibes lift solutions are designed to have a small footprint and a maximum of space inside.
- Cibes lift solutions are eco-friendly. 95% of the lift is made from recyclable materials and the Cibes A4000 and A5000 have a very low energy consumption when optioned with the EcoSilent drive system.

OPEN UP
YOUR SPACE

Glass creates an open and airy space. Cibes platform lifts can be glazed on all sides for a 360 degree panoramic view, which is quite unique.

Lifts can be powder coated any RAL colour.
