

A man and two women are standing inside a modern, glass-enclosed lift. The man is holding a brown leather briefcase. The woman next to him is holding a smartphone. They are all smiling and looking at each other. The lift is part of a modern office building with large glass windows and a white frame.

CIBES C1PURE DESIGN OPTIONS

Our wide choice of colors, materials and cabin features makes it easy to create a truly unique lift design. Discover our full range of design options at www.cibeslift.com.

FAST AND EASY INSTALLATION

Installing a conventional lift takes several weeks and requires extensive building adaptations. Installing Cibes C1 Pure takes just a few days and has minimal structural impact on your building.

All our installers around the world are certified to install our lifts and provide dedicated aftercare services according to your needs.

The different elements of Cibes C1 Pure are available in a wide range of finishes.

STANDARD FINISH

The standard finish for Cibes C1 Pure is an elegant combination of black, white and grey.

MIX & MATCH

Mix and match different colours to create a unique lift design which is perfect for your project.

**Mirror wall available for side A/C.

SPACE-SAVING LIFT DESIGN

Most conventional lifts, such as hydraulic lifts and traction lifts, require extensive refurbishment for the deep pit and big headroom.

Cibes C1 Pure integrates seamlessly with your building and needs only minimal refurbishment.

ACCESSORIES

Push button

RFID tag reader
for auto lock

Key lock for
auto lock/central lock

Touchscreen call button with
integrated level indicator

Level indicator in
elegant zinc frame

Code lock for
auto lock

Other lock solutions are available. For more information, please contact Cibes.

Touchscreen controls are not suitable for projects required to meet European Accessibility Standard for lifts EN 81-70. For such projects, mechanical push buttons are advised. EN 81-70 also includes other requirements. Please contact your Cibes dealer for more information.

BRINGING PEOPLE TOGETHER

Founded in 1947, Cibes Lift is a world-leading manufacturer of space-saving, ready-made lifts. High-quality Swedish engineering and great Scandinavian design are the secrets behind our success. All lifts are manufactured in our factory in Sweden and exported to more than 70 countries via a network of 200 certified dealers. Cibes Lift is a part of Cibes Lift Group.

All Cibes lift models carry the CE mark and go through extensive testing and quality checks before leaving our factory. Our lifts are certified products that comply with European Safety Standard Machinery Directive 2006/42/EC, applicable parts of European Standards EN 81-41 and EN 81-20, as well as selected parts of European Standard EN 81-70. For more product details and information about the product and accessory selection, contact Cibes Lift. This product information is general and we reserve the right to modify product design and specifications.

Minor deviations in colour reproduction can occur. Cibes Lift Group AB ©.
